Prioritizing Safety

Safety is not just a keyword, it's a culture. Each & every Operator, Flight Crew, and Aircraft that flies our Clients & guests is internally vetted by our Operations Team to ensure adherence to all FAA Part 135 Regulations & Insurance Requirements. Our team maintains an internal database and regularly checks up on our network to ensure continued standards.

We further require that each Operator & Flight Crew holds additional third party safety accreditation certification from leading auditing firms Argus, Wyvern, and IS-BAO. Our firm is also one of the few charter brokerages to earn the Wyvern Registered Broker badges. Lastly, Amalfi Jets maintains it's own non-owned aircraft liability and charter referral liability policy to further protect our clients.

A small boat is beached near the buildings. The right side shows the turquoise ocean with two small motorboats floating. The text "An elevated way to fly." is overlaid on the right side in a white, elegant serif font.

Elegant Interiors

Each aircraft within the Amalfi Network is hand selected by our team to ensure the highest onboard quality and comfort. Guests enjoy newer refurbished interiors, crisp leather seats, and refined wood designs that transcend fliers into a world of bliss during the flight.

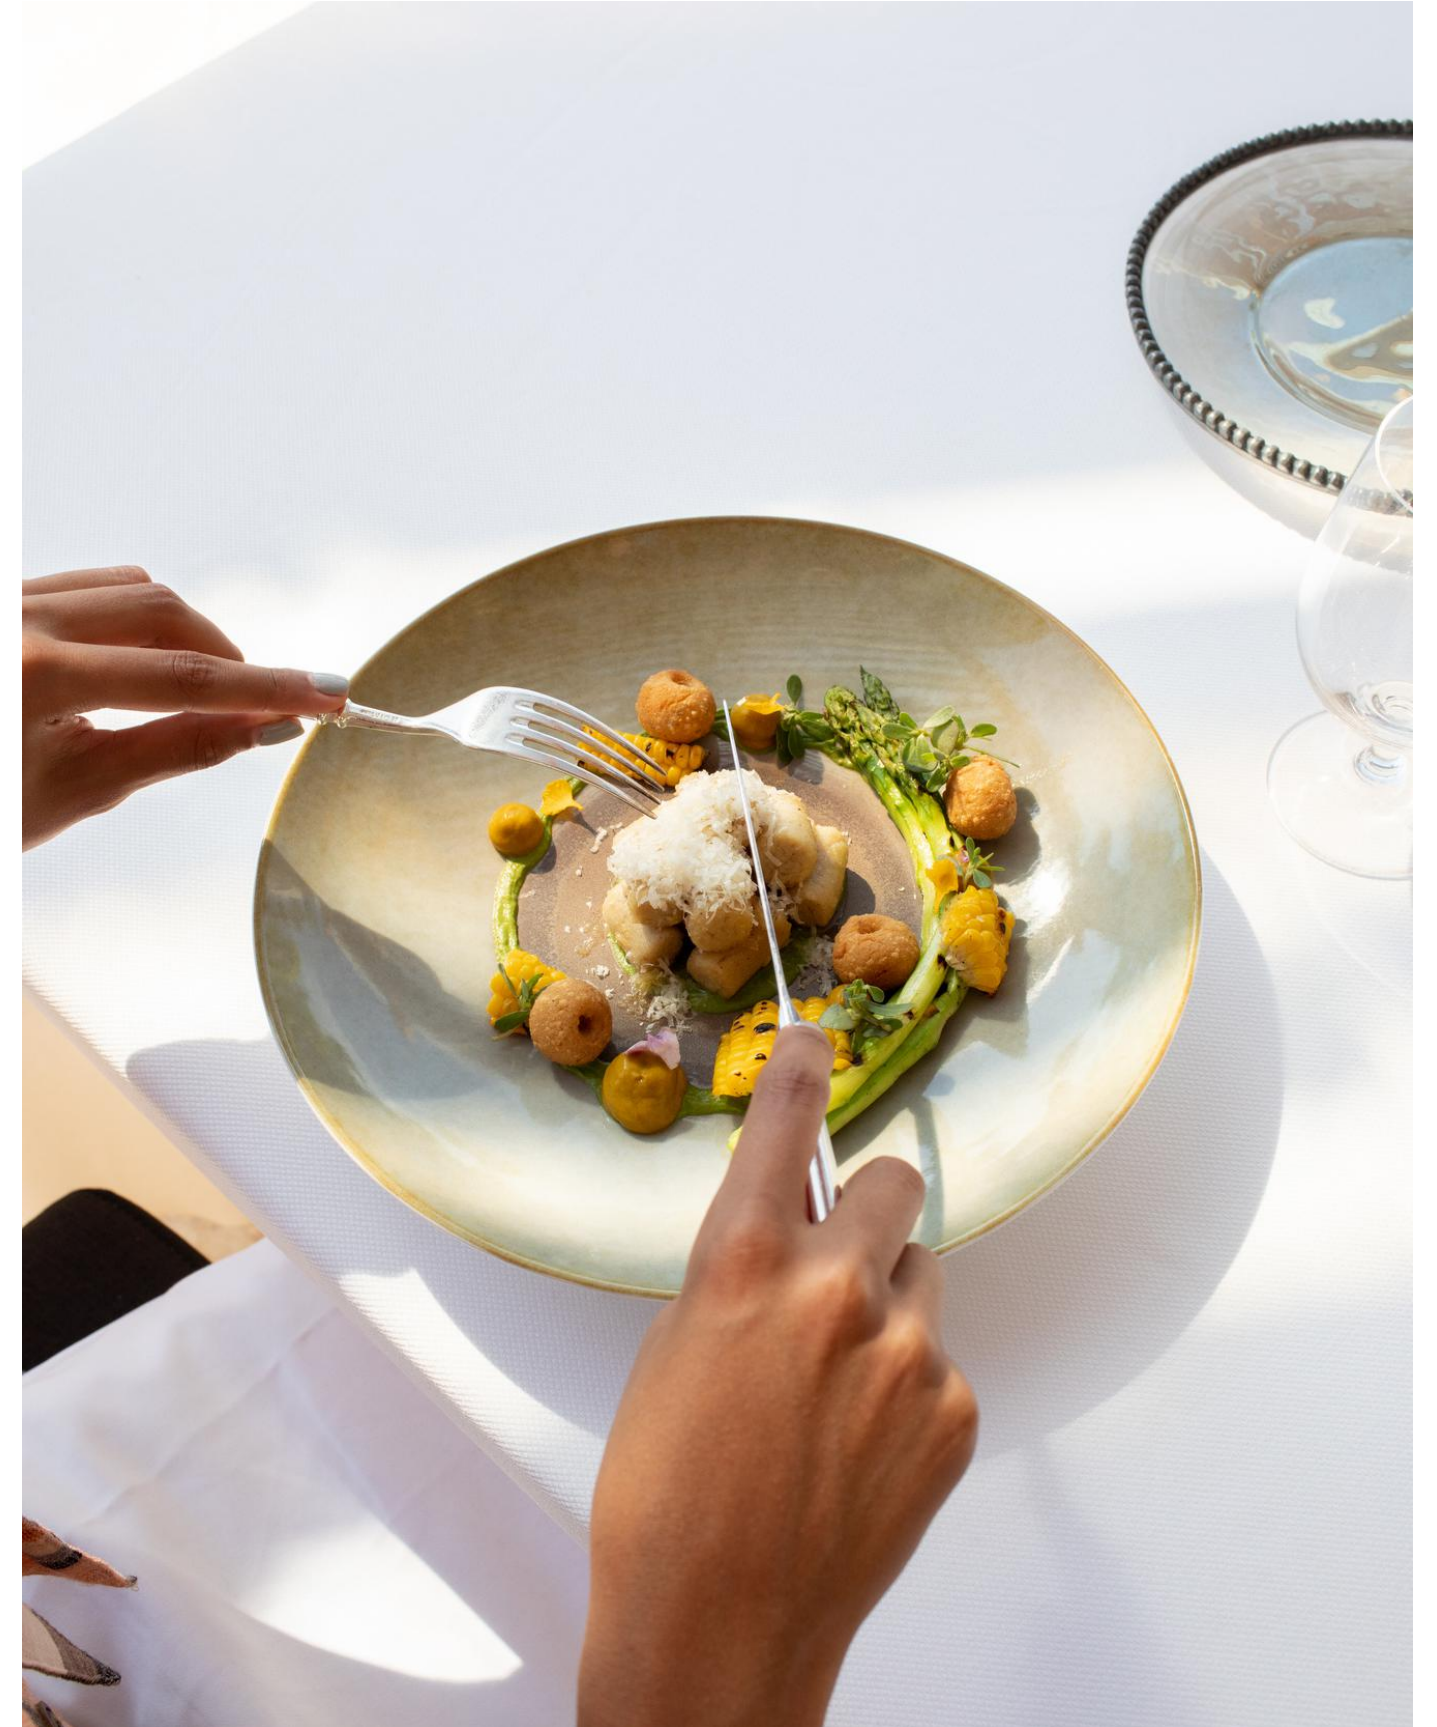

In-Flight Connectivity

We bring the world below to you. Enjoy fast WiFi onboard most aircraft and all Super-Midsize to Ultra Long Haul aircraft within the Amalfi Network. Stay connected to the world below on each flight and enjoy fast & secure WiFi speeds anywhere in the world.

Premium Onboard Cuisine

Amalfi boasts a global network of the world's finest cuisine partners and vendors. Customized culinary experiences bring the world below, above. Enjoy handcrafted menus specific to the region and your requested taste & palette.

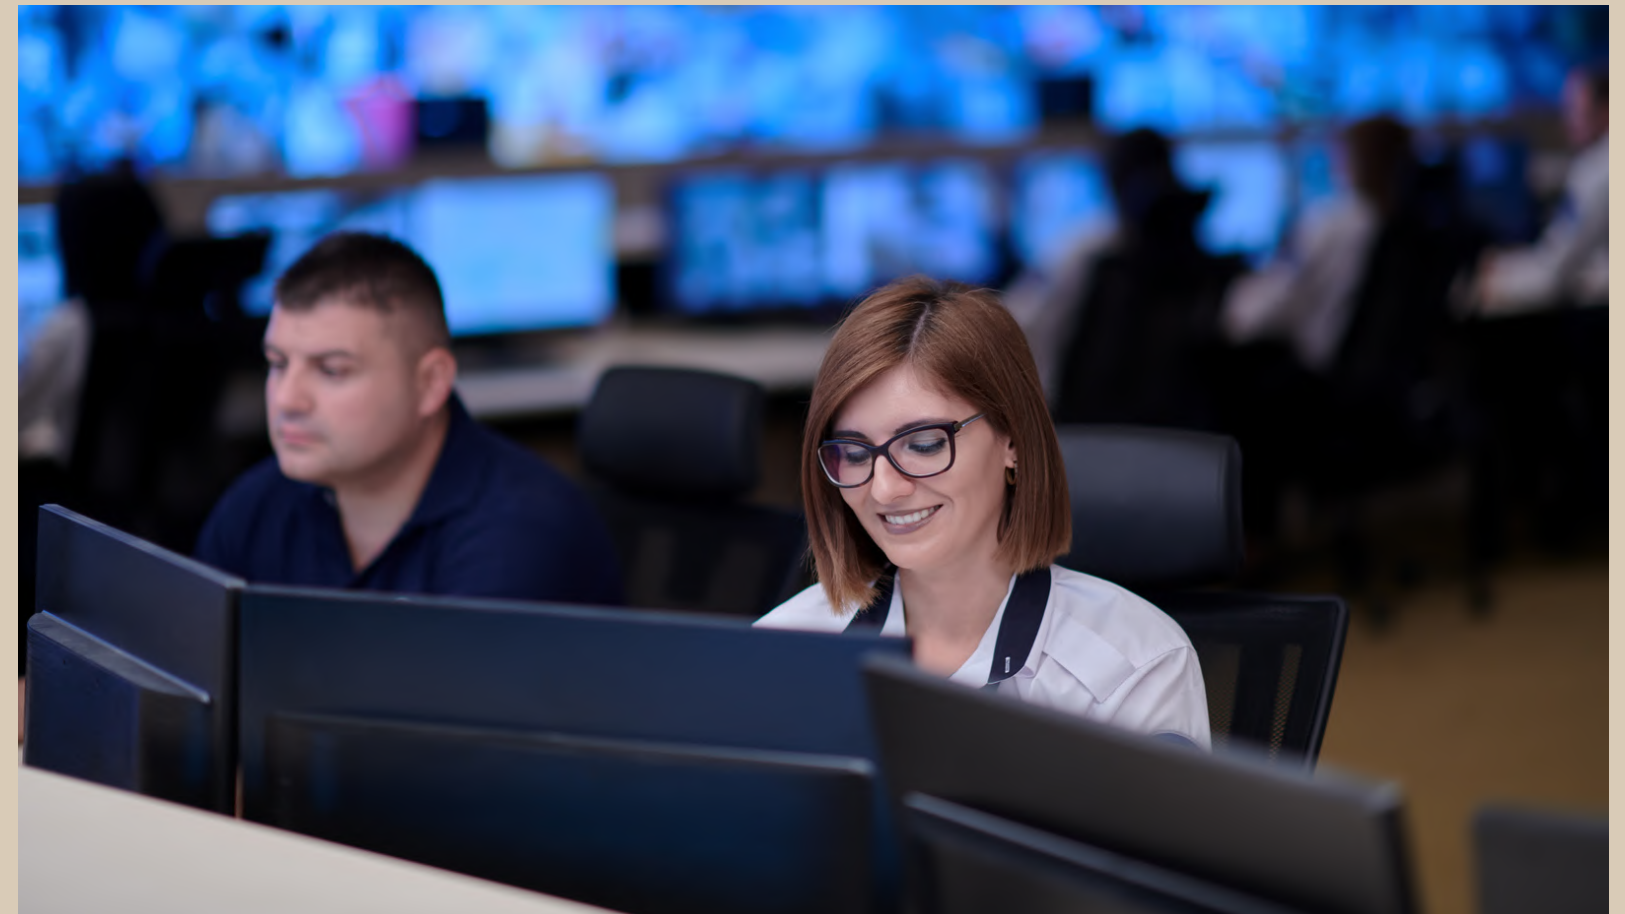

Black Car Service

Traveling is a well timed orchestra of moving parts. We make that simple by providing complimentary Black Car Service for all passengers on both ends of the trip. There's only one way to provide door to door service and it's through Amalfi.

Personalized Touch

Amalfi is the only company in the industry to proudly send one of our in-person Departure Representative to meet, greet, and escort our clients onboard the aircraft. The only way to start a trip properly is to begin it with a proper sendoff.

In-Person Departure Representatives are strategically based around the country and travel directly to meet our clients, assist with last-minute requests, escort clients discretely onboard, and be our way of putting a face to the name. We look forward to meeting you.

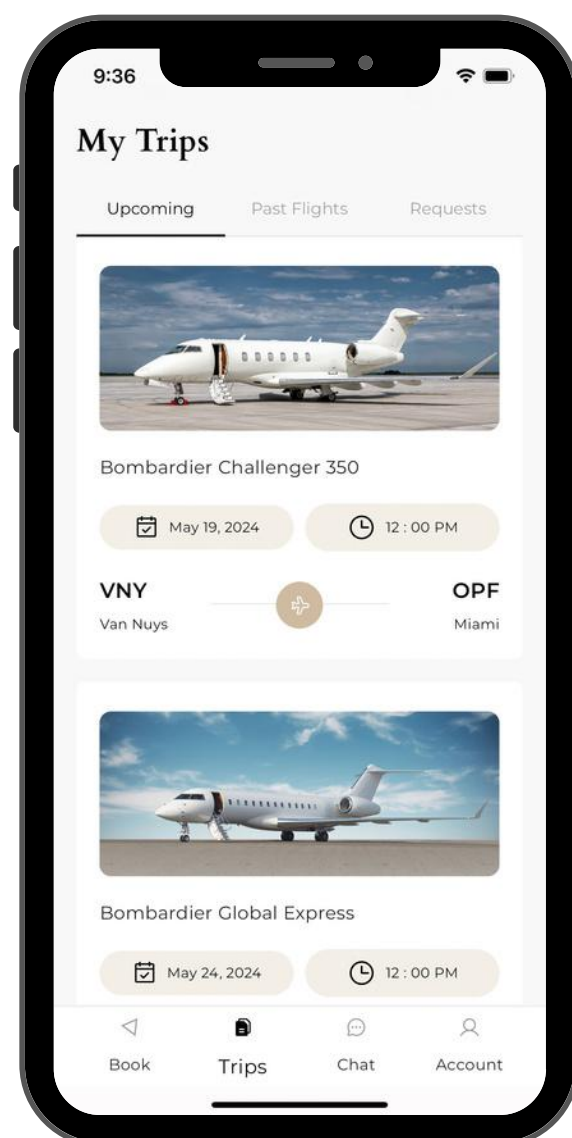

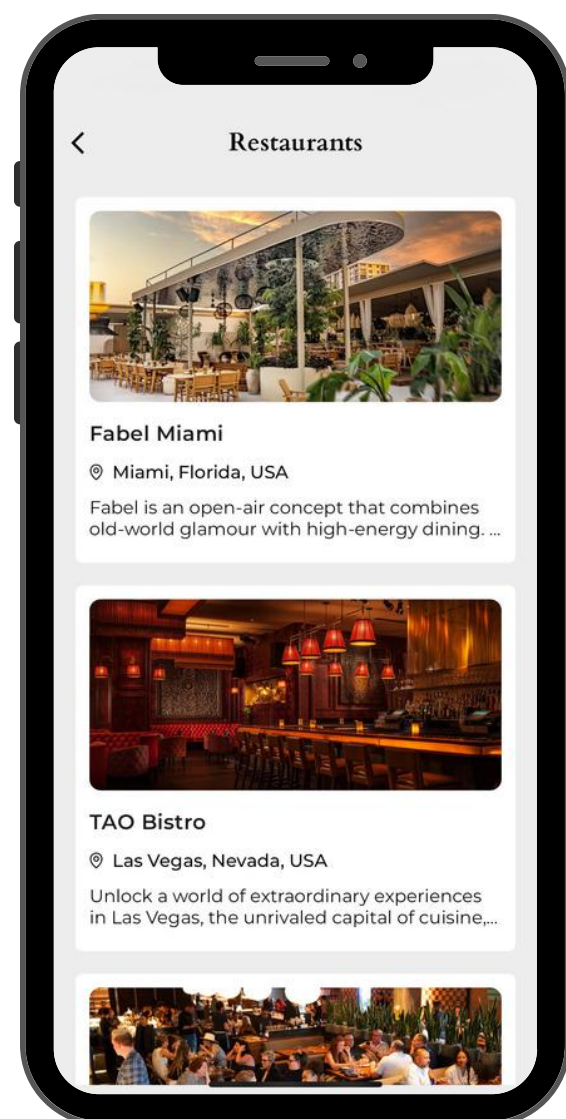

Competitive Pricing

When booking private jet travel, we recognize you have many choices. Unlike most companies, we measure our success in how much we can save our clients on each flight. Our deep industry connections afford us the best pricing on each flight in which we pass on savings to our clients.

When you receive a quote from Amalfi, all taxes & fees are included, while still remaining competitive with the market, aircraft type, and routing.
